Dear Mr Rosenthal.

Myself and Mr Agenbach had a discussion based on your telephonic call earlier.

We discussed with the Admin unit and confirmed that the last time the BAR template was updated and amended was in September 2012. There were no further amendments or new versions of this document since this date. It must be noted that the application form has been amended many times.

Should your Basic Assessment report format predate this, you are strongly urged to complete the latest Basic Assessment report Template. We assume that you using the national DEA templates.

You are further advised to notify the public of the change in the report, and need not supply them with the report, provided that no new information is presented in the new report.

Kind Regards

*Muhammad Essop*
