Dear Phillip,

Many thanks. I have skimmed over the Final BAR and read the Comments and Responses Report.

SAHRA has no further comments. Our comments dated 8 November 2013, as included in the Final BAR, stand as our Final Comment. Please see attached.

Please note that SAHRA is a commenting authority in terms of the National Heritage Resources Act and as such, SAHRA's comment should not be considered as part of the public participation process, but as the required comment from the relevant heritage authority.

Kind regards,

Jenna Lavin

Subject: Augrabies Final BAR on SAHRIS

Dear Jenna

I have uploaded the Final Augrabies BAR onto your SAHRIS system. Department of Environment Affairs may ask you to comment. While a mammoth volume of material has been added from the public participation process, there is nothing material that has changed that in my opinion

affects heritage issues. Elements of your letter have been incorporated into the Environmental Management Programme. If you want to read one thing, then I suggest read the Comments and response report (Appendix E4).
